

## Wiping Cloths

# Nu-Wipe S48

nonwoven wipers

DRC is a cellulose based nonwoven wiper engineered to have a soft cloth-like feel that mimics textile based wiping cloths. DRC wipers have superior wet and dry strength, easily absorb liquids, grease and oil, and have low-linting properties. This medium weight DRC is ideal for use in medium to heavy duty general purpose wiping. White wipers are ideal for use in wiping applications where detecting grease and grime residue is essential. Not recommended for use in solvent based wiping, as the latex binders may breakdown.

## At a glance
