

Wiping Cloths

Jumbo Roll 70310

nonwoven wipers

DRC is a cellulose based nonwoven wiper engineered to have a soft cloth-like feel that mimics textile based wiping cloths. DRC wipers have superior wet and dry strength, easily absorb liquids, grease and oil, and have low-linting properties. This heavy weight DRC is ideal for use in medium to heavy duty general purpose wiping. The red color helps to hide some of the grease and grime resulting in less wiper waste. Not recommended for use in solvent based wiping, as the latex binders may breakdown.
